Check out these pics from last weekend

(8/22/09)...it was the Jim Bingham memorial tournament in Irindira Baja. (Castros) Big fish was a 40lb YT. Several big Seabass to 55 lbs were caught the day before the tourney, but none in the two tournament days.

Good fun for all and we raised \$4,500 for Friends of Rollo with 47 anglers who had a great time. Check out the launch ramp technology!

(And the choice for dinner!!!)

Here is what we caught at the Rockpile today I got 3 on slow trolled dines on 30# mono and one on flurocarbon that was being reeled in at the hookup strike one on flyline 20# flurocarbon. So a total of five but my 30# mono got hit where the spectra was on the surface too much because the birds were stealing them on slow troll...

The largest of yellowtail had 12-15 dines in his gut but they were all eat TAIL first...

Fishing the Make A Wish tournament

August 28 2009 trip aboard Finish Line.

16 Yellowtail, 16 Yellowfin, 2 Bluefin and 3 Albacore

Fox wins 4th place in the tournament with 32.4 beast. Fox was rewarded with a nice rod and reel combo (TLD 30 with roller guide tuna stick).

The fish came up tail rapped with no color so we took it 128.4lbs.

Mean Joe Green lure fish on 50lb.

We lost one an hour earlier that was a huge fish, my guess was way over 200. Both on the bottom of the 9!

Good fishing.
