

## La Jolla

*“Blue” and “Red” equal “No Fishing”, but “Blue” allows for fin bait fishing.*

**San Diego-Scripps Coastal SMCA northern boundary La Jolla:** No fishing except baitfish by hook and line. Southern boundary at base of Scripps Pier. Northern boundary is off the La Jolla Farms area, south of the Glider Port. Closed area includes Black's Beach.

### **Boundary Description**

32° 53.000' N. lat. 117° 15.166' W. long.;  
32° 53.000' N. lat. 117° 16.400' W. long.;  
32° 51.964' N. lat. 117° 16.400' W. long.; and  
32° 51.964' N. lat. 117° 15.233' W. long.

### **San Diego-Scripps Coastal SMCA southern boundary La Jolla**

*(you can take fin bait in the blue)*

No fishing. Western boundary extends north from Rocky Pt. The northern boundary is base of Scripps Pier. The San Diego-Scripps Coastal SMCA is directly north.

### **Boundary Description**

32° 51.964' N. lat. 117° 15.233' W. long.;  
32° 51.964' N. lat. 117° 16.400' W. long.; and  
32° 51.067' N. lat. 117° 16.400' W. long.

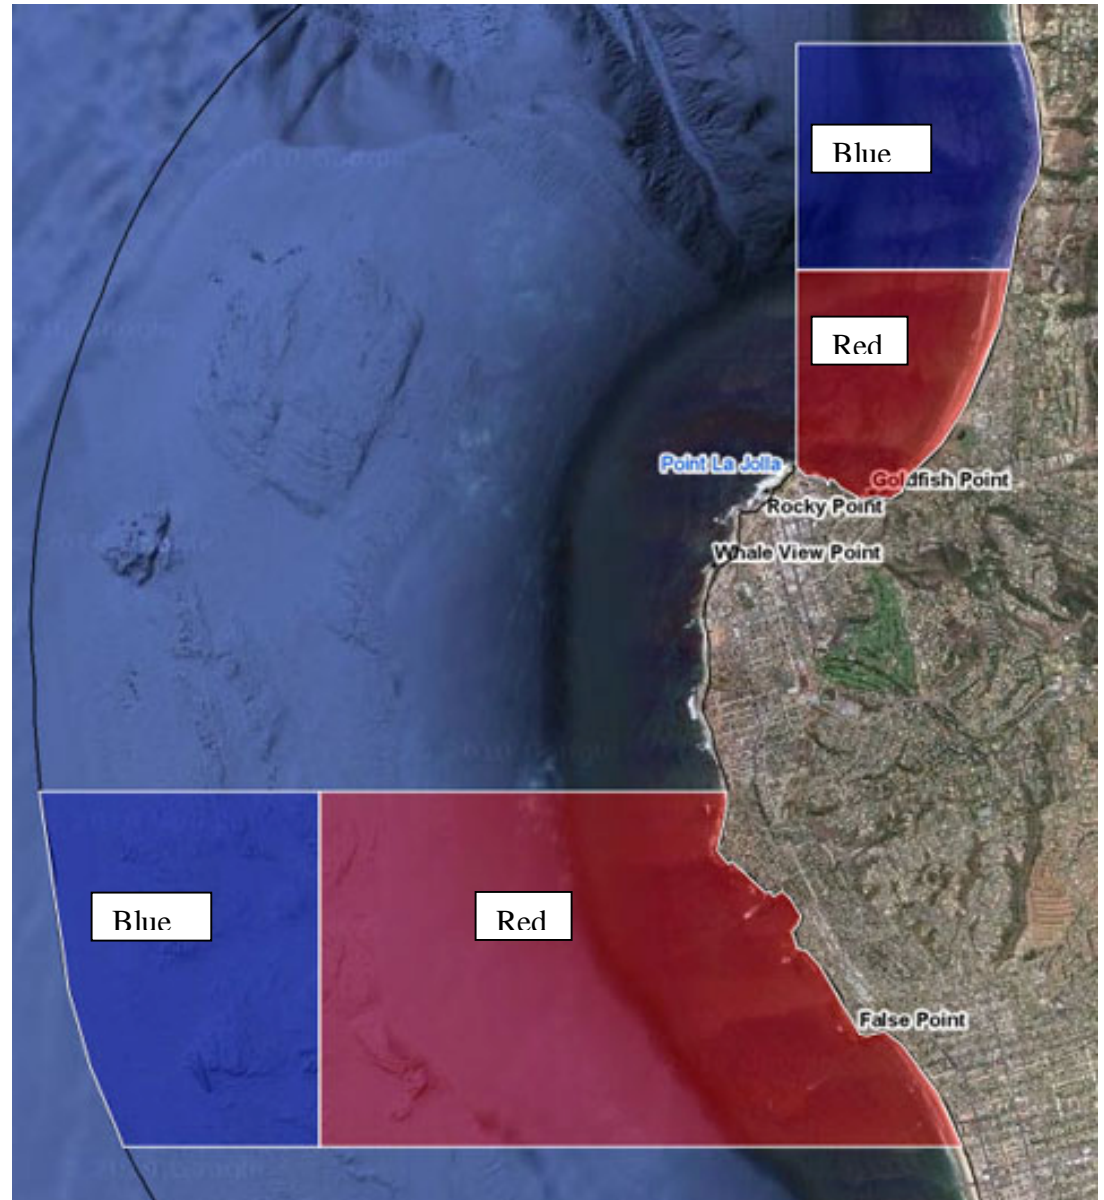

**South La Jolla SMR and SMCA Cluster - SMR no fishing;** SMCA some two miles offshore allows pelagic finfish and bonito by hook and line. The boundaries are roughly Palomar Ave (north) and Diamond St (south), with the Crystal Pier shown for perspective. On the north end, the MLPAI map shows Big Rock in the closed area just south of the boundary, and Windnsea in the clear just to the north.

### **SMR Boundary Description**

32° 49.573' N. lat. 117° 16.781' W. long.;  
32° 49.573' N. lat. 117° 19.000' W. long.;  
32° 47.945' N. lat. 117° 19.000' W. long.; and  
32° 47.945' N. lat. 117° 15.495' W. long.

### **SMCA Boundary Description**

32° 49.573' N. lat. 117° 19.000' W. long.;  
32° 49.573' N. lat. 117° 20.528' W. long.;  
thence southward along the three nautical mile offshore boundary to  
32° 47.945' N. lat. 117° 20.068' W. long.; and  
32° 47.945' N. lat. 117° 19.000' W. long.

## Point Loma

**Cabrillo SMR, Pt Loma (above)** - No fishing.  
The southern boundary extends roughly 1300 feet south of Pt Loma, and extends east roughly 1200 feet from the southern tip of point including the area just south of the lighthouse. The northern boundary is one cove south of the sewage treatment plant.

### **Boundary Description**

This area is bounded by the mean high tide line and straight lines connecting the

following points in the order listed:

32° 40.60' N. lat. 117° 14.82' W. long.;

32° 40.60' N. lat. 117° 15.00' W. long.;

32° 39.70' N. lat. 117° 15.00' W. long.;

32° 39.70' N. lat. 117° 14.30' W. long.; and

32° 40.00' N. lat. 117° 14.30' W. long.

**Tijuana River Mouth SMCA (above)** - No fishing except for baitfish *by dip net only*. Extends from the border north to the foot of Seacoast Drive. The IB kelp directly opposite the pier is out of the closure, but some of the kelp farther inshore and south is included.

### Boundary Description

This area is bounded by the mean high tide line and straight lines connecting the following points in the order listed except where noted:

32° 34.00' N. lat. 117° 07.98' W. long.;

32° 34.00' N. lat. 117° 09.00' W. long.;

32° 31.97' N. lat. 117° 09.00' W. long.; thence eastward along the U.S./Mexico Border to

32° 32.06' N. lat. 117° 07.48' W. long.
